5<sup>th</sup> February 2013

Dear Mr Perks,

Thank you so much for your incredibly generous donation of £500 which was most gratefully received. We were delighted to hear that you would like your business consulting practice to make a positive difference to the local community and as far as our animals are concerned, you most certainly have!

The past few years have seen an increase in animals needing our help many in need of veterinary treatment, and although the current economic climate has added to our problems, not one of our rescues has been denied the medical help they needed to give them the quality of life they so richly deserve.

However much the odds are stacked against us, sheer determination and dedication will see us through the challenging times ahead - that said we couldn't do all this without the wonderful support of people like yourself.

Thank you once again for caring, and believing in our work and please give our love to your 'brilliant but very enthusiastic' Labrador!

Yours sincerely,

Pauline Leeson  
Founder and Chief Executive
